Attachments: VW Diesel Summary 24 August 2015.docx

Here is some background information on the latest with the VW off-cycle emissions situation. We will be discussing this further at our 10 am meeting.

Attached is a one-pager that summarizes most of what we know right now. I would like to use this at 10 to check for any inconsistencies (does anyone understand something differently) and then to help us identify our next steps.

Thanks,

Byron
